

LOCAL MATTERS.

WEATHER PROBABILITIES.—War Department, Office of the Chief Signal Officer, Washington, D. C., May 7, 1878.—10:30 a. m. For the Middle States falling barometer, diminishing northerly wind, shifting to warmer southerly and southwesterly, and partly cloudy weather, possibly followed by light rains.

COMMERCIAL EXCHANGE.—The annual meeting of the Alexandria Commercial Exchange was held at the Exchange rooms this morning, R. M. Lawson in the chair, and Alpheus Roberts, Secretary.

The President presented the following report which was received and accepted:

ALEXANDRIA, VA., May 7, 1878.

Gentlemen of the Commercial Exchange:

The Board of Managers beg leave to submit herewith their 11th annual report for the fiscal year commencing May 1, 1877, and ending April 30, 1878. There have been received and sold on "Change during this period 324,494 bushels of corn, 412,159 of wheat, 19,420 of rye, 41,433 of oats, 539 of meal, 155,500 of wheat received in flour and reduced to bushels, 200,000 of grain estimated as sold on the streets, 40,000 of wheat received and still held in store unsold; total, 1,193,626 bushels.

In submitting the above report the Board of Managers find that the receipt and sales have been about the same as last year, but we have reason to believe that a large bulk of the wheat that naturally finds its way to our market is still held in the adjacent country. This wheat, like a part of that included in our report, is held principally by the farmers, who believed that war between England and Russia was inevitable, and that much higher prices would be realized, but so far their expectations have not been fulfilled, and most of this wheat will probably be sold at a much less price than it would have brought had it been sold during the months of last fall. Taking this into consideration we feel that we might safely say that our grain trade has increased to a considerable extent during the last fiscal year. We believe that a larger acreage of wheat was sown in Virginia last fall than for many years past, and which we understand never looked better than at the present time, and we have cause to look forward to a more prosperous future.

The members of the Commercial Exchange will remember that during last fall the use of our room was tendered to the Woodlawn Agricultural Society for the purpose of holding an exhibition, in which many of our most enterprising citizens took part, and we might say that a better exhibition of the natural products of our lands as well as the manufactured articles of our own people at home, while not so large as some we have seen, has scarcely been excelled in the character of the articles exhibited by any fair held in the State. This has given rise to the formation of a permanent society, organized four months since under the name of the Alexandria Agricultural and Industrial Association, the purpose of which is to have yearly exhibitions in our midst, with very flattering prospects of success. All that this society asks is a little assistance from such of our citizens as feel an interest in the prosperity of Alexandria.

Death has removed from our midst during the past year one of our most enterprising and esteemed members, Mr. W. E. Carter, late secretary of the Commercial Exchange.

The treasurer, Mr. Thomas Perry, reports twenty contributing members and a balance of \$35.89 in the treasury.

The thanks of the Exchange are due to Mr. Waring for his faithful services.

Permit me, gentlemen, in submitting this report to return my thanks for the uniform courtesy extended to me during the year.

Respectfully submitted for the directors,

J. T. BECKHAM, President.

The following gentlemen were then elected directors for the ensuing year: R. M. Lawson, J. P. Moore, George H. Robinson, D. G. Watkins, A. C. Harmon, G. E. Kelley, George Washington, and George W. Fisher. Thomas W. Perry was re-elected President; H. Hunt, Vice President; W. A. Moore, Treasurer; and C. S. Taylor, Jr., Secretary.

PITTSBURGH.—The work of constructing the Pennsylvania Narrow Gauge Railroad is nearly completed, and a part of the engine corps arrived here last night. This is a branch of the Virginia Midland Railroad, and extends from Ward's Springs Station to Berger's ridge over a distance of eight miles.

It is expected that trains will be running over the road in three weeks from this time, and that the road will eventually be extended to Franklin C. H. This latter extension, however, is dependent on the result of a vote to be shortly taken by the citizens of Franklin on the proposition to subscribe \$200,000 to the stock of the road.

The cars for the new road are being constructed at the Virginia Midland shops in this city, and an engine is expected to arrive here about the 15th or 20th of this month.

The work on this road has been pushed forward with great expedition and economy, and much credit is due to Major R. F. Mason, superintendent of construction, and Major R. H. Temple, and Capt. H. R. Garden and J. Howard Shackelford, of the engineer corps.

The ore beds to which it leads are said to be of great richness and extent.

CORPORATION COURT.—Judge E. M. Love presiding.—Welman vs Adams; in chancery; decree for payment of part of funds to guardian of infant defendant.

Com. vs Virginia Nelson; order releasing prisoner from jail, she having served out time of imprisonment and being unable to pay fine.

Wimsatt and wife vs J. C. Baggett et al.; in chancery; report of commissioners of sale filed and decree confirming same.

Licenses to sell liquor were granted to Louis Brill, Justus Schneider, James Smith, John C. R. Jones, Robert D. C. Thompson, Thomas Devitt, Simon Blumheim, Patrick Nugent, H. V. Daniels, Martin Lawler, Anthony Dugan, John Aherm, J. Brothers & Co., Lewis Stein, Kelley & Carr, Harlow & Bros., Power & White, George McBurney & Son, R. W. Avery and E. E. Downham & Co.

Taxes erroneously assessed to the estate of Ann M. Fitzhugh, deceased, were remitted.

A certificate was granted to Ann Johnson, widow of John Johnson, a pensioner of the United States, to enable her to obtain arrears of pensions.

Austin vs Arlington Turpike Company; in chancery; case in progress.

FRIENDSHIP FIRE COMPANY.—A called meeting of the Friendship Fire Company was held last night, with George W. Henry in the chair and Harry S. Brown, Secretary pro tem.

A committee consisting of Messrs. J. M. Cole, J. W. Nalls and N. Nolan were appointed to inquire into the expediency of selling the section and also to look up the companies, V. P. es, &c., belonging thereto.

It was also resolved that a committee of two be appointed to inquire of Dr. J. B. Johnson the amounts received for rent, and the balance due on the house for repairs. Messrs. W. A. Hammerding and James W. Nalls were appointed on this committee.

No other business being before the meeting the company adjourned to meet on Tuesday evening the 14th inst., at 8 p. m., sharp, when a full attendance is desired, as the election of officers will take place.

FISH REPORT.—Since yesterday there have been received at Fishtown, about 1200 shad, which sold at \$10.15 per hundred, and \$40.00 herrings, which brought \$7.50 per hundred. There have also been a number of sturgeon, which sold at 50 cents to \$2.00 a piece, according to size. The season is regarded by the fishermen as at a close. During the season there have been received here about 40,000 shad, 2,500,000 herrings, 20,000 bunch fish, 10,000 taylor, 100 large rock and 100 sturgeon.

goon. The arrival of these later is regarded as presaging the close of the fisheries. Twenty-eight sturgeon were received on one boat yesterday.

NEGRO KILLED.—Information was received here, this morning, that a negro man, whose name could not be ascertained, had been shot and killed near Clifton Station, on Saturday night, by Mr. Rezier R. Kincheloe, formerly of this city. The particulars are very meagre, but it appears that young Kincheloe came into his house and found the negro, who was employed as a servant on the farm, quarreling with his (Kincheloe's) mother, and seized a stick to chastise him. The negro succeeded in wresting the stick from Kincheloe's hand, and advanced upon him saying, "I'll kill you and your mother too," when the latter ran into another room and returning with a gun, shot at the negro, inflicting a wound from which he died in a short time. A warrant has been issued for Mr. Kincheloe's arrest.

THE CANALS.—As heretofore announced in the Gazette, the water was started into the Alexandria Canal, on Friday evening last. It is expected that the canal will be entirely filled by tonight, and that boats will arrive to-morrow.

The number of departures of boats from Cumberland is increasing. On Saturday forty-five boats left, carrying about five thousand tons of coal; eleven of these were bound to this city.

Every thing along both canals is now in perfect order, and a lively coal trade is expected. The only obstacle to immediate resumption is the scarcity of vessels, to take the coal away.

ACCIDENTALLY SHOT.—Alexander Blanton, Jr., who belongs to Georgetown, but is, at present, connected with the Signal Corps at Fort Whipple, in this county, accidentally shot himself, near the Fort yesterday. He had a pistol in his coat pocket and in drawing out his handkerchief caught the trigger and discharged the weapon. The ball took effect in his left side, breaking the fifth rib and narrowly escaping the heart. He was taken to Fort Whipple where he received the necessary surgical attention. The wound, although serious, is not regarded as fatal.

OVERBOARD.—A small boy named Foltz fell overboard at the Shipyard late last evening, and would have been drowned but for the heroic efforts of a man employed on one of the vessels there, who dived for him and brought him out, when nearly exhausted. The name of the brave rescuer is Samuel McIntire, a hand on Captain Hewitt's vessel. He saved a boy from drowning last summer.

MT. VERNON COTTON FACTORY.—Several gentlemen from the North, representing a company, were in this city yesterday evening, and examined the Mt. Vernon Cotton Factory, with a view to leasing or purchasing it, and resuming operations there. They expressed themselves much pleased with the factory, but gave no indication as to what they would do in the matter.

KNIGHTS TEMPLARS.—Washington Commandery of Knights Templars are to make an excursion to Richmond, on the 20th inst., and will be accompanied by a number of their brethren from this city. They will be accompanied by the Marine Band, and the fare has been placed very low. Tickets may be had at Adams's jewelry store.

SPECIAL BOAT.—As will be seen by the advertisement in another column, a special boat will be run to Washington to-morrow night, giving persons in this city a chance to see the Kellogg Cary troupe and other attractions in that city, and return at a reasonable hour.

POLICE ITEMS.—The only case tried at Police headquarters since yesterday, was that of John Walker, a colored boy, for striking with a stone and severely wounding another colored boy, named Asbury Bell. He was fined and held for payment.

BITTEN BY A DOG.—The grandchild of Geo. Adams, colored, who lives at West End, was attacked yesterday, by a ferocious dog, and severely bitten on the head and face. The wound became very much swollen, and the wound is being regarded as serious.

ROBBERY.—The dwelling of Mr. John Minion, at the upper end of King street, was broken into a night or two ago. No traces of provisions stolen therefrom, or of the thieves could be discovered.

Local Brevities.

The opposition on the Potomac river steamers has become so great that passengers can now make the trip from Nomini and return for fifteen cents.

Rust has attacked the blades, but not the stalk, of much of the wheat in the counties bordering on the Potomac.

Settlement of a long dispute.—Physicians have at last come to the conclusion that the best medicine for teething children is Dr. Bull's Baby Syrup.

HOUSEHOLD ECONOMY.—The housekeeper or cook who studies economy in the kitchen, can do so in one direction by always using DOOLEY'S YEAST POWDER. It will be found a truly economical and valuable assistant in baking biscuits, rolls, bread, cake of all kinds, waffles, muffins, and to eat all articles prepared from flour; and why? Because, in using the Dooley Powder you save in eggs, in shortening, in patience, in everything; and when the baking is done, it is turned out light, palatable, and wholesome, so that every morsel is eaten up and no waste.

Persuade your suffering friend to use Durand's Rheumatic Remedy for rheumatism and he will afterwards thank you. Don't forget that Ludlow's Headache Specific cures headache in 3 to 20 minutes. Sold by all druggists.

MOTHERS! MOTHERS! MOTHERS!—Don't fail to procure Mrs. Winslow's SOOTHING SYRUP for all cases of teething in children. It relieves the child from pain, cures wind colic, regulates the bowels, and, by giving relief and health to the child, gives rest to the mother.

Alexandria, Va., May 7, 1878.

INSURANCE COMPANY.—The Alexandria Insurance Company, of Richmond, Va., for having to-day through their agents in this city, Messrs. S. H. Janney & Son, paid me in full the amount of their policy on my dwelling house destroyed by fire on the night of the 23d of April.

THOMAS O'BRIEN.

WILL have during the summer season at our BRANCH STORE a supply of SODA, VICHY, KISSENGEN and SELTZER WATERS, in quart glass siphon bottles. These bottles can be taken home, kept in a cool place, and used at any time and in any quantities wanted. For the Soda Water we will furnish by retail or smaller quantity, delicious FRUIT SYRUPS of all flavors desired. For invalids this will be found peculiarly desirable. Price 25c per bottle. Bottles to be returned.

The Hog Nuisance.

Self preservation is the first law of nature, and where health and comfort are in one scale and political preference in the other a large number of the voters of the First Ward, at least, are going to add their voices to the former. Southern exposure is proverbially delightful and Southern exposures invariably sought after, but its not so in the First Ward. In that unfortunate section of the city Southern exposures are barred up and Southern breezes avoided, because they are laden with the noxious miasm of offensive odors that arise from the fifty hog-pens that have lately been erected at the Southern end of Fairfax street; from the single pens scattered about through that Ward; from slop buckets on their way to and from these pens, and from the spit slops that gush out, slide walks and the like, which would point out the localities of the pens if the equals of their occupants did not render such knowledge unnecessary. We are going to vote for the Mayor who will state this crying and shameful nuisance, whether he be independent, radical, or conservative; and if the latter, whether he be in favor or opposed to the primary.

MANY VOTERS OF THE FIRST WARD.

COMMERCIAL.

ALEXANDRIA MARKET, May 7, 1878.—The market dull and drooping. Flour is heavy and declining, and concessions would have to be made to effect sales. Wheat is quiet and in good receipt; offerings of 1914 bushels, and sales at 120, 127, 128 and 130, as to quality. Corn is in moderate supply, and offerings are lighter; we note sales to-day of 500 bushels at 65 for white. Nothing doing in Rye, and 60 bushels of Oats were withdrawn.

BALTIMORE CATTLE MARKET, May 6, 1878. Beef Cattle—Prices to-day ranged as follows: Best Bevers..... 37 a 5 75 Generally rated first quality..... 4 62 a 5 37 Medium or good fair quality..... 3 87 a 4 62 Ordinary thin Steers, Oxen and Cows 3 25 a 3 75 Extremes range of prices..... 3 50 a 5 75 Most of the sales were from..... 4 75 a 5 37 Total receipts for the week 1001 head. Total sales for the week 1050 head.

The quality of the offerings this week was superior throughout to that of last week. The market opened active and continued so throughout. Prices were a shade up as compared with those of last week, a few only sold at top quotations, which show advance, but they were superior to the tops of last week. We quote at 3.50-3.75 per 100 lbs.

Milk Cows—Trade moves along slowly. We quote at 25-30 per head, no change.

Sheep and Lambs—The market was fairly active at the opening at prices varying but little, if any, from those of last week. The activity was principally in fat sheep. Lambs were dull generally. The quality of the offerings was about as good as it was last week. We quote sheared at 50c, and wool sheep at 45c, as to quality. Lambs 50c per lb gross. Receipts this week 640 head.

Hogs—There has been a fair supply on the market this week, and trade has been moderately active in most of the pens. The quality is scarcely as good as it was last week. We quote Hogs at 44c, with most of the sales ranging around at 44 1/2 cents per lb net. Prospects look fair for a maintenance of present prices. Monday's run consisted of about 4 500 head, the balance, 2000, having been previously received. Receipts this week 6521 head.

BALTIMORE, May 7.—Virginia C, deferred 41; do consolidated 61; do 2d series 32; past due coupons 83 bid to-day. Cotton quiet and nominal; middling 104 asked. Flour quiet and unchanged. Wheat—Southern fairly active and steady; Western a shade easier; Southern red 12 1/2-13; do amber 13; Panna red 12 1/2-13; No 2 winter red Western 12 1/2-13; May 12 1/2-13; June 12 1/2-13. Corn—Southern firmer for white; Western dull and easier; Southern white 53; Western mixed spot and May 51 1/2-52; June 52; July 53. Oats in good demand and steady; Southern 33 1/2; Western white 34 1/2; do mixed 33 1/2; Panna 33 1/2. Rye firm, with light offer, at 47 1/2. Hay quiet and unchanged. Sugar more steady at 5 1/2. Coffee quiet and firmly held; Rio cargoes 12 1/2-13. Whiskey dull and unchanged at \$1 00.

New York, May 7.—Stocks about firm. Most 4 1/2-5. Flour dull and declining. Wheat dull and 1/2c lower on futures. Corn dull and 1/2c lower on futures.

IN THE CIRCUIT COURT OF FAIRFAX COUNTY.

P. R. Duryea vs W. G. Duckett and others. In vacation.

Upon consideration of the papers formerly filed, and the decree entered on the 27th day of April, 1878, and the petition now filed by Pamela R. Duryea, and argument of counsel being heard, upon consideration whereof the Court doth adjudge, order and decree that the bill, entered in this case on the 27th day of April, 1878, be set aside and rescinded, and that the injunction awarded in this cause be rescinded and the further order of this Court; and that this cause be referred to Master Commissioner James M. Love, with instructions to convene the parties interested and take an account of the lands subject to the real estate in the bill and proceedings described, and that he report the same, to whom due, and how, with their respective priorities, to the next term of the Court to be held for the county of Fairfax, and that in publishing this order he shall give notice by publication for our consecutive weeks in some newspaper published in the city of Alexandria, which notice shall be equivalent to personal service on all parties in interest.

Parties interested are hereby notified that I have acted upon the 4th day of June, 1878, at my office, at Fairfax Ct. House, Virginia, as the time and place when and where I will execute the above decree.

JAMES M. LOVE, Comm'r in Ch'f. Circuit Ct.

WALLACK'S ORCHESTRA.—The orchestra of Wallack's Theatre, New York, is famous for its extraordinary precision. This is due entirely to Thomas Baker, an Englishman, who has conducted it for years. Mr. Baker used to suffer terribly from rheumatism, but now he is as supple and nimble as a school boy. He ascribes his freedom, as he ought, to Gile's Liniment, Iodine Ammonia.

Sold by F. S. Leadbeater. Send for pamphlet. Trial size 25 cents.

ENJOY LIFE.—What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up, discouraged, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint is the direct cause of seventy-five per cent of such maladies as Biliousness, Indigestion, Sick Headache, Constipation, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles 10 cents.
